

Corporate & Executive Education Computer Requirements

MyWeb™ is an internet based portal for Waikato Management School participants and staff. As a participant, MyWeb™ gives you online access to all the resource materials relating to the papers that you are enrolled in.

Within Myweb™ you can view the paper details, timetables, lecture slides, readings, notes and related online databases. You can also submit your assignments via the web and view your individual marks and grades. Every participant enrolled in the Waikato Management School has access to their own personalised version of MyWeb™.

MyWeb™ also provides web access to electronic tools and databases which can assist with assignments and research. Participants in the Waikato Management School MyWeb community can access full text University databases and library resources which have been specifically selected and acquired to support independent learning and academic research.

The types of resources available are:

- Full text journal articles, conference papers and dissertations (including academic, newspaper and trade publications)
- Full text law and accounting databases
- Library catalogues for locating books, serial titles and videos
- Electronic collections such as e-books
- Company and industry information, statistics and data

System Requirements ▼

To study with Corporate & Executive Education and access MyWeb™ your computer must have the following specifications:

- » Modem (56K) recommended
- » Ensure Javascript and Cookies are enabled for your web browser

And at least one of the following:

- » Internet Explorer version 6 or higher
- » Mozilla Firefox 2.0 or higher

It is recommended that if participants intend using computers at their workplace:

- » They seek permission from their employer
- » They seek advice from their network administrators regarding firewalls

If participants or network administrators need further information or advice on running MyWeb™ they can contact the Waikato Management School computer support helpdesk on +64 7 838 4599 or wms_helpdesk@waikato.ac.nz.

Once enrolled participants need to test their computer (or network firewall) in the first week to see if they can access their course resources and online databases.

A MyWeb™ brochure describing the School's learning environment is available to participants once enrolled.
