LEGAL CLIENT NEWSLETTER SERVICE

The Management Research Centre has been publishing the *Legal Client Newsletter* for the past 15 years. The articles are written by practising legal professionals and allow you to keep in touch with your clients on a regular basis and keep them informed about up-to-date legal information and issues.

The service is an economical and convenient way to maintain client contact and to promote your professional services. Subscribing allows you to **save the time and money** required to write and format a topical, high quality newsletter in-house. The options below allow you to do as little or as much work in-house as you prefer.

How it works

The newsletter is delivered quarterly (February, May, August and November) and is available in the options outlined below. All newsletters have 4 articles, and in the case of options 1 and 2, we also provide an alternative article as a substitute if required. The newsletters comprise 4 A4 pages so can be printed or copied to form a double-sided A3 booklet, and are designed to allow the addition of your firm's letterhead and contact details (or we can do this for you, see the Personalised options below).

Options

1) *Microsoft Word Formatted (97 or later)*

The newsletter is delivered pre-formatted in Microsoft Word (version 97 or later) giving you the flexibility to **personalise it in-house**. You can add your letterhead, office updates, additional articles and graphics specific to your firm, without the additional cost and hassles of writing your own or reformatting the entire newsletter.

2) *Text Only*

The text only option saves time for those subscribers who prefer to put together their own newsletter, but utilise some or all of the articles provided by the Management Research Centre. This option will **save re-typing** the articles. In addition, you receive a formatted PDF copy of the newsletter so you can see the layout we applied to the articles.

3) *Paper Copy*

The paper copy of the newsletter is a formatted version delivered via the post. This version allows you to **photocopy the newsletter** for distribution to your clients.

4) *Read Only*

The read only newsletter option allows you to **print an original formatted copy of the newsletter in-house** for copying rather than receiving a paper copy via the post. The newsletter is in PDF format. With this version of the newsletter you will be unable to make any changes to the format or text (but Standard Personalisation is available - see below).

Personalisation & Printing

Standard Personalisation: the newsletter can be personalised with your firm's details/letterhead. This service is available for all options above.

Advanced Personalisation: this includes changing the text/articles or format/layout of newsletter. This is only available for options 1 - 3.

Printing: as part of the University we can access printing and copying at competitive rates.

Please contact us if you would like a quote or to discuss any of these additional services.
